

# Titebond®

THE PRO'S ADVANTAGE™

WEATHERMASTER™

## METAL ROOF SEALANT

Titebond® WeatherMaster™ Metal Roof Sealant is specifically formulated to outperform all other sealant technologies, including silicones, tri-polymers, and polyurethanes. This superior polymer formula provides a waterproof seal against water, wind, dust and dirt. It offers exceptional adhesion to Kynar™ coated metal materials, along with standard metal, aluminum, steel, galvanized bonderized surfaces, plastics and glass. The product is ideal for use on a wide variety of metal roof, trim, architectural metal siding, aluminum, galvanized steel, galvanized gutters, flashing and downspouts. It also provides unbeatable adhesion to wood, brass and other common building substrates.

Titebond WeatherMaster Metal Roof Sealant is available in over 50 colors, all of which match today's popular metal roof and metal siding colors, regardless of the material or manufacturer. If touch-ups are necessary, it may be painted with a water-based paint any time after one hour of application. It extrudes in extreme weather conditions (down to zero degrees Fahrenheit) and is UV-resistant, making it the ideal choice for exterior applications. It will expand and contract with the change of weather and temperature and will not crack. This sealant contains no solvents or isocyanates and is VOC-compliant.

### Comparison Guide

	METAL ROOF SEALANT	VOC Solvent	Silicone	Urethane	Tripolymer
Paintable	1-2 hour	2-4 hours	No	2-7 days	24 hours
Shrinkage	1%	35%	5%	5%	50%
Flexibility	50%	25%	25%	25%	25%
Cold Weather Extrusion	0°	20°	-35°	32°	-40°
VOC-compliant	Yes	Yes	Yes	Yes	Yes
Solvent-Free	<b>YES</b>	No	No	No	No
Isocyanate-Free	<b>YES</b>	No	No	No	No
Earth Friendly	<b>YES</b>	No	No	No	No
Gap Filling	1"	1/2"	1/2"	1/2"	1/2"
Odor	Slight	Heavy	Mild	Mild	Heavy
Service Temperature (°F)	-75° to 300°	-20° to 200°	-45° to 350°	-40° to 180°	-40° to 180°

#### TOP FEATURES:

- Extrudes down to zero degrees Fahrenheit
- Permanently flexible – won't crack
- Exceptional adhesion to Kynar™ coated metals
- Excellent adhesion on most construction materials

#### QUICK HITS:

- Available in over 50 colors
- 99% solids for minimal shrinking
- Joint movement capability +/- 50%
- Paintable within one hour of application (water-based paints)
