

991 PROvantage Wood Flooring Adhesive

Franklin International will honor the applicable terms of any wood floor manufacturer's current published adhesive warranty or subfloor moisture warranty (where applicable) when the flooring was installed using Titebond 991 PROvantage Wood Flooring Adhesive in accordance with product instructions and the instructions of the wood floor manufacturer.*

Franklin International will also warrant Titebond 991 PROvantage to be free from defects in materials and workmanship for a period of one year from the date of manufacture, if the product has been installed in accordance with the Franklin Specification Guide and the installation instructions furnished with the product. In the event of loss of adhesion of Titebond 991 PROvantage due to product defect, Franklin International will reimburse the customer for the cost of labor and materials necessary to repair or replace the affected area(s) of the installed wood flooring.

*Any and all addendums or changes to the wood floor manufacturer's warranties will be reflected in the execution of Franklin International's warranty immediately upon release by the wood floor manufacturer. The effective date of said changes and addendums will dictate coverage by Franklin International in relation to the date of installation.

As Franklin International is honoring the applicable terms of all wood floor manufacturers' current published warranties, Franklin International will also require the same jobsite preparations and installation instructions that accompany each warranty in question.

In the case of subfloor moisture warranties, Franklin International will cover cupping and buckling of the wood floor when the wood floor manufacturer names coverage of these phenomenon explicitly in their subfloor moisture warranty (where applicable), if all installation and subfloor preparation guidelines have been followed.
